## OPEN HOUSE - TOWN HALL

Mayor, Councillors and Staff of our Town have invited all of us to a New Year's Reception at the Town Hall this coming Sunday, from 2 to 5 p.m. This traditional New Year's Reception, which started in 1962, has proven to be a popular idea among our citizens.

See your Mayor, Councillors and Town Staff, have a chat with them over a good cup of coffee, and ask them everything regarding our Town in which you are interested.

This year's reception promises to become even more interesting, because all of us will have an opportunity to inspect the new Fire Hall, where the Fire Department Staff will be most happy to show you this modern Fire Hall.

Our Mayor and Councillors are eager to meet you informally outside the Council Chambers, with free and pleasant conversation which has proven in the past to increase the understanding and willingness between 'bureaus' and citizens. Such contacts are most important for harmonious operating of a town as a whole. We hope to see many of you Sunday at the Town Hall, especially our new residents who do not yet know our Mayor and Councillors, and for whom this New Year's Reception is a good opportunity to see them all at once.

## A VERY HAPPY 1964 TO ALL OF YOU

Our sincere thanks and best wishes to all our advertisers and readers for the fine support given us during 1963. Without your help, understanding and stimulation we wouldn't have been able to publish the Gazette. We hope that with your continuous backing we will be able to increase the quality and quantity of our paper in 1964. First of all, we wish you for 1964, very good health and a happy family life.

## A FEW OF OUR WISHES FOR 1964

1. More industrial development which will increase more local business activities, provide more local jobs and decrease and/or stabilize our residential taxes and perhaps lower our water bills.
2. All year round swimming pool.
3. Appointment of a full time Recreation Director.
4. Solution of the downtown parking problems.
5. Basis for the establishment of a St. Albert hospital.
6. A shoe maker's store.
7. Basis for the establishment of a St. Albert Arena, the home for all indoor sports.
8. Basis for the establishment of a St. Albert Auditorium, the home for all our cultural activities.
9. An official crest for the Town of St. Albert.
10. A good turn out for the October Town elections, with at least one woman elected to council.

continued on page 2

## WISHES FOR 1963...

Five out of our 12 wishes for 1963 were fulfilled during the past year, as follows:

A Recreation Board was officially appointed, based on our first St. Albert Recreation By-Law.

Liquor Store came to Grandin Shopper's Park.

Local Bus Services were improved and expanded.

Industrial Development got a big boost with a \$2 million pressed paper plant now under construction.

A larger Post Office was built, but we dare not say that it is big enough!

## PIONEER PASSES AWAY

A long time St. Albert resident and pioneer of the district, passed away December 21st—Jean Baptiste Dalhagary, 14 Scarboro Place.

Born in France in 1883, Mr. Dalhagary came to the district in 1907. He spoke no English when he left France, but purchased an English-French dictionary and studied it cover to cover during his trip to the 'new country'.

His first day here brought also his first job: excavating for the Blouey-Henry Rd. (just east of the MacDonald Hotel). He later took up farming on the Lambert Homestead where the seminary now stands. After 11 years of 'batching' he married a local school teacher, Marie Clara Gagnon. He continued on the same farm until his retirement only 5 years ago.

During his lifetime, Jean watched many stages of St. Albert's growth. In his many reminiscences his wife recalls how he always marvelled at the stamina of those early St. Albertians. How they took the hardships of pioneering as a matter of fact and found more to laugh and smile at than they did to complain of. Even the perennial 'sea of mud' that ran from the Mission almost clear into

137th Ave. didn't keep them isolated. If the buggies couldn't travel, their own legs could carry them nicely! One very interesting story of the past that Mrs. Dalhagary and her son Sas remember hearing from Jean Baptiste, was the inter-urban street car. Back in 1912 the town was 'booming'. An enterprising man, Mr. Brutinel, obtained a franchise to run a street car from St. Albert to Edmonton. The Council owned the flour mill and he approached them for permission to use the mill as a power source for his street car. In return he was to electrify the town. The Town hedged and finally Mr. Brutinel, discouraged, sold his franchise to a Belgian engineer who built the grade and laid the track in the winter season and eventually ran an oil burning street car to and from St. Albert. However, the street car's career was brief. A fire in the storage barn ended its run. The first world war interfered with rebuilding plans. However, traces of its existence - the grade and fence lines, tell us that it was reality, and back in 1912! Mr. Dalhagary lived a full and happy 56 years here in St. Albert district, and the Town has lost a good old friend.

From left to right: Mrs. J. B. Dalhagary, Gazette reporter Mrs. Marie Macdonald and Mr. S. Dalhagary.

## CLUB NOTES

The regular meeting of the Second St. Albert Cub and Scout Mother's Auxiliary will not be held on the usual date.

Instead, a joint meeting will be held with the Mother's Auxiliary to the First St. Albert Cubs and Scouts, Thursday, January 23rd at the Parish Hall of the R. C. Church. Arrangements for the forthcoming "Father and Son" banquet will be discussed at this meeting. All Cub and Scout Mothers are invited to attend.

The new Grandin Park Unit of the United Church Women (West Grandin or Trees Unit) will hold their second meeting at the home of Mrs. Sandomirsky, 59 Geneva Cres. All ladies who live west of Grosvenor are cordially invited.

In the world of business, January is a stock taking time, and the first General Meeting of the United Church Women for 1964 will be borrowing a page from the business world. On Monday, January 13, at 8:15 p.m. in the church, an attempt will be made to assess the strength of the U.C.W. in St. Albert, and to explore new avenues leading to a more complete fulfillment of the U.C.W. purpose:

"To unite all women of the congregation for the total mission of the Church and to provide a medium through which they may express their loyalty and devotion to Jesus Christ in Christian witness, Study, Fellowship and Service."

All women are invited to bring themselves and their ideas to this meeting.

This week's "Rose of the Week" is Mrs. Lorne Akins.

Mrs. Akins has been a resident of St. Albert for 47 years. She arrived here with her parents when she was 17 years old and lived with them on their homestead until her marriage. She then moved to an adjoining farm to raise her own family.

Mrs. Lorne Akins

She has been an enthusiastic worker for this community for all these years. She was the first President of our Women Institute and has also served as Secretary of this organization recently. She was President of the local Red Cross during the war. Before there was a United Church in St. Albert she drove a group of children to Bellerose every Sunday so that they may attend Sunday School. She has also been President of our United Church Women's Auxiliary. She still spends a great deal of her time helping in all the schools in St. Albert as a substitute teacher, much to the delight of the children who love her very much.

With her warm personality and sense of humour, she is a real asset to the many local functions she and Mr. Akins still attend.

This wonderful lady who has given so much to St. Albert truly deserves to be "Rose of the Week".

(If you know of a lady whose community work should be recognized, send her name and a sketch of her work to Box 596, 1147, or drop in the Gazette Box, 45 Sunset Blvd. The information can be telephoned to 599-7189.)

## NEW YEAR MESSAGES

Entering any New Year we are all made especially conscious of the forward thrust of time. Mingled with this thinking is our reflection on the swift passing of the year that has gone. Time, in its three dimensions, past, present and future comes sharply to the forefront of our awareness as we apply ourselves with diligence to write the correct calendar date which includes 1964.

How fleeting, yet how real is the present, that part of time which we enjoy for the moment. How soon it becomes the past, that dimension of time which we cannot recall in even its smallest fraction. We retain our memories of the past, nothing more of it is available to us. We stand then on the threshold of the future, the dimension of time not yet ours, but which we anticipate with hope. There is a quality of inspiration in each of these facts: the past is what we made it; the present is life in the making; the future will be what we make it. The believing Christian has a strong sense of the place of God in man's workings; but within a certain sphere of activity the Christian has to acknowledge his responsibility for his deeds and accomplishments or lack of them.

Immersed in time we take stock of ourselves in the opening days of 1964. Perhaps we think with regret or satisfaction of something which we have done; the mistakes or omissions of which we alone may be aware or the attainments which are open to the world to see. We entered 1963 with certain hopes some of which are today realized ambitions while others were lost along the way. Burdens, blessings, sorrows, joys - all that was 1963 is gone. 1964 stands ready in the offing with its invitations, opportunities and responsibilities. What will our path be for '64? May God grant that as we travel some old pathways and pass through new experiences we may know His sustaining guidance and blessing.

*Mayor  
William Veness*

Likely the most trying year in the history of St. Albert has come and gone. At the beginning of 1963 the position of the Town was grave indeed, 365 days and 49 Council meetings later the situation was much improved.

Briefly reviewing the year, we find that permits for 340 dwelling units were issued along with one for a twenty suite apartment building, various commercial buildings and our first major industry. According to the building permit values listed, construction costs will exceed \$5,000,000.00.

The Town successfully applied to have its financial affairs controlled by the Local Authorities Board. This step simplified the making of financial arrangements to resolve our difficulties caused by previous lack of proper budgetary control and deficit financing.

A construction program of almost two-thirds of a million dollars was commenced by the town and largely completed during the year with the remainder being scheduled for completion early in 1964. All in all the year turned out very successfully and now all citizens of St. Albert face 1964 and what it will bring. The prospect is bright.

Construction is brisk as we enter 1964 and it is hoped that satisfactory solutions can be found for our remaining problems.

Co-operation seems to be the keyword and as 1964 commences the Town seems to be blessed with co-operation from all sources.

The transition from "New Town" to "Town" has been completed and after considerable reorganization, the administration of our affairs is progressing favourably. As you are likely aware an "Open House" is to be held on Sunday, January 12th, at the Town Hall and I, as well as the rest of Council, hope to meet as many of you there as possible.

Please let me take this opportunity to wish all citizens of the Town and our neighbouring municipalities a "Very Happy and Prosperous New Year".

*Dick McGee  
President  
Chamber of Commerce*

1964 BIG YEAR FOR ST. ALBERT & DISTRICT CHAMBER OF COMMERCE

The Chamber of Commerce is again looking forward to another prosperous year, always seeking new members interested in helping to promote commerce, industry, agriculture, and the welfare of St. Albert and the surrounding district. They being the object of the Chamber of Commerce.

The first big event of the year will be the 1st Annual Meeting in the form of a banquet and dance to be held in February. The Civic Affairs Committee will be busy completing projects under way, and striving to take care of future affairs. Sincere thanks go to the Edmonton District Chambers of Commerce, who are striving with us to improve Highway #2 within Edmonton city limits.

We would like to see a membership drive get on early in the year to interest farmers to join our organization, as we have a number of short farm courses which could be put to use with an active farm group.

We, as a working group, will attempt to work more closely with town council on matters as Industrial Development within our town.

Industry is starting to develop and we look for this year to be a big step towards industrial development in our town.

Being president of the Chamber of Commerce for 2 years, it has been a privilege to work with the members who have been willing to attempt the many projects we have undertaken, so important to the Town of St. Albert.

Public Schoolboard*

On behalf of the St. Albert School District No. 3, I extend to all citizens of St. Albert a very prosperous and purposeful New Year.

1963 has been a very trying year for all our local governing bodies due to our rapid expansion of our town, but our problems have been worked out by all parties concerned, getting together and arriving at a satisfactory solution to all problems.

So let us all now take to the task at hand and work to a very prosperous coming year. It is a pleasure for me to wish all of the people of St. Albert happiness, prosperity and good health throughout the coming year.

*Protestant Schoolboard*

The Board of Trustees of the St. Albert Protestant Separate School District No. 12 wish to take this opportunity to extend their sincere wishes for a happy and prosperous 1964 to the residents of the Town of St. Albert.

# SCHOOL DISTRICT NO. 6 RECEIVES DELIVERY OF NEW BUSES

Students returning to Paul Kane, Mackenzie and Simpson Schools on Monday were delighted with the new buses just placed in operation by the St. Albert Protestant Separate School Board. The three new units have each a capacity of 76 students. Each has a centre exit door to permit faster unloading of passengers and a more rapid turn around. Safety and efficiency are the keynotes in design. Each of the units is equipped with air brakes and special steering. A public address system permits the driver to direct students outside the

bus and assist in maintaining proper control inside the bus. A two way radio connects each bus with the school board's administration building. The destination signs on the front of each bus will greatly assist in reducing confusion at the beginning of term, and at other times, particularly for new students. Each seat is numbered and students have been issued passes to correspond with the seat numbers. Experience has shown that this system reduces or eliminates wilful damage. The buses are being leased by the board from private operators.

Standing in front of the new school buses are the drivers, from left to right Mrs. J. J. Allen, Mrs. D. Smith.
